

Outstanding cob allrounder

£ 3,000

Description

What a fab cob in a world where these types are getting fewer and further between and those who do never part. Blue is a sturdy, solid cob who has done a multitude of jobs throughout her 7 years on a riding school. She's been used for complete beginners all the way up to the riders who want to take part in the competitions. She loves to hack too and is great in traffic, previous to the riding school she competed round the shows so there isn't anything she hasn't done. She's reliable, she's safe and she's fun. She loves to jump, really enjoys her hacks, even has a good go at the original gymkana games. She's been used for pony club, XC, jumping, flat work, hacking on and off road. She's 14.3hh substantial size (approx - not measured) and 16 years old. She's looking for a family who want who wants to continue and do everything or a home who is happy just hacking and wants to generally be safe. She's got excellent references. She's a real confidence giver and there isn't anything she hasn't done. She knows her job and has brought many happy times to her riders. Needs a loving family now, long term home sort. I have lots of video footage of Blue so please WhatsApp to request. Male Rider is 6'2 £3000 Transport arranged Deposit secures. Open to viewings, vettings. I will consider selling unseen to a good home. We are Stoke on Trent.
